Product Datasheet

Pro-Block orb1710870

Description

Is a unique serum-free protein block for immunochemistry. Pro-Block eliminates the need for matching species with the link antibody and is often, more effective at reducing non-specific background staining than normal serum. Pro-Block is similar to Super Block, but without casein. The reagent is filtered at 0.2 microns.

Note

For research use only.

Expiration Date

12 months from date of receipt.
